

# Professional Liabilities Insurance for the Transport Industry

**Title:** Professional Liabilities Insurance for the Transport industry

**Educational Objective:** The objective of the lecture is to present the different issues of the various professions in the marine and non-marine transport business, the liabilities and the insurance market solution in the French and France and London markets.

**Target skills:** Understanding French and international rules governing the professional liability and Business Interruption insurance of freight forwarders, shipping agents, ship brokers, NVOCC, stevedores, surveyors, etc.

**Target audience:** This lecture is intended for brokers, underwriters, account handlers and claims handlers specialising in the marine and transport field who need to understand the liabilities of their clients acting in the marine and transport business.

**Prerequisite skills:** Knowledge and understanding of marine and transport insurance contracts.

**Technical teaching resources:** The lecture will consist of PowerPoint presentations with live commentary and analyses of market figures. Risk analysis based on concrete examples. Analysis of standard policy wordings and market slips policy

**Final Evaluation:** The trainees will be asked to write a short report following their completion of the evaluation document. A list of signatures of the trainees and a certificate of attendance will be issued together with a short report from the convenor summarising the day.

**Evaluation Document :** Multiple-choice questions (MCQ)

**Duration :** ½ day / 5 hours
